

CLIMATE CLEVER SCHOOLS

Scheme of Work & Action Overview

Hey! Welcome to Climate Clever Schools! We're so pleased you're here because we need your help to make every school Climate Clever. Over the course of this scheme of work, you will learn how to cut our carbon emissions, reduce your own consumption, and hold the governments and businesses that answer to consumers accountable.

Your journey to becoming a Climate Clever School is split into three levels:

Level 1 - INSPIRE

You'll go on a deep dive to learn all about climate change and share that information with your classmates, teachers, parents and community.

Lesson 1 - What is Climate Change?	Lesson 2 - What causes Climate Change?	Lesson 3 - The History of Climate Change	Lesson 4 - Inspirational people.
------------------------------------	--	--	----------------------------------

Actions to Achieve Level 1 - Inspire

- Share a photo of the pupils involved in your school's climate action.
- Host a Climate Clever Day or whole school assembly
- Create a video, presentation or speech to raise awareness in the school and community

Level 2 - INVESTIGATE

It's time to discover how big your school's carbon impact is, the impact of climate change and how to do something about it!

Lesson 1 - The impact of Climate Change.	Lesson 2 - Are companies to blame?	Lesson 3 - Your school's climate impact.	Lesson 4 - What is the World Doing to Change?
--	------------------------------------	--	---

Actions to Achieve Level 2 - Investigate

- Investigate your school's carbon impact and complete the Climate Clever Schools audit
- Create your action plan and make a Climate Clever pledge

Level 3 - ACT

You'll learn how to create a positive impact by leading an exciting campaign to help your school and community reduce their climate impact.

Lesson 1 - How can you make a change?	Lesson 2 - We can make a difference!	Lesson 3 - Taking action!	Lesson 4 - Celebrating success.
---------------------------------------	--------------------------------------	---------------------------	---------------------------------

Actions to Achieve Level 3 - Act

- Run your campaign to reduce your climate impact
- Share your photo evidence
- Create a celebration video to share what your school have put in to action.

Remember to share your progress on the Climate Clever Schools website to achieve your award!
